

**Statement of Restaurant Management Group
On Loss of John "Jack" Mangan
Sept. 18, 2011**

Our company and employees are shocked and saddened by the death Saturday of RMG President John (Jack) Mangan, who died when the vintage aircraft he was piloting crashed at an air show at Martinsburg, W.V.

Jack was a beloved leader in our company, and his untimely passing is a blow to us all. Jack was a superb pilot, having served as a fighter pilot and leader in the military and a seasoned flying enthusiast who participated in air shows and flying demonstrations over many years.

Jack has been a leader at RMG since the company's creation in 2000, and in his role as president, the company has grown extensively through his leadership and vision.

At this time, our thoughts are with Jack's family, including his wife Kathy and their children.
